Resistance mounts to Canadian Great Lakes radioactive waste dump

On both sides of the border, concerned citizens, environmental groups, and political leaders are redoubling their efforts to nip in the bud an insane proposal : Ontario Power Generation wants to bury the so-called "low" and "intermediate" level radioactive wastes from 20 reactors across the province a half-mile from Lake Huron, source of drinking water for 40 million people in 8 U.S. states, 2 Canadian provinces, and a large number of Native American First Nations. MI State Sen. Hopgood and Rep. Roberts have invited Beyond Nuclear to take part in a town hall meeting in Detroit, and are urging folks to sign onto, and spread the word about, the "Stop the Great Lakes Nuclear Waste Dump" petition.
