France map : Nuclear power - permanent danger

Map of the most preoccupying french nuclear installations

NUCLEAR POWER : PERMANENT DANGER

Join us to fight for a world without nuclear

You can find detailed information and high quality photos of nuclear sites on our interactive map: <http://www.cartedesnucleaires.org/carte>

Information about nuclear installations (generally kept secret) is difficult to find. Therefore, Réseau Sortir du Nucléaire has created a network of volunteers who are interested in nuclear installations. No commercial use, members of the "Sortir du Nucléaire" network.
